

## Macon / Warner Robins Probate Referral Sheet

We work with several local probate and estate planning attorneys to help work through the legal side of the Estate Liquidation prep process. While they are helping on the legal side, we can start the Estate Liquidation timeline for the Real Estate and personal property too.

If the home needs some prep for market, sometimes there is enough for a personal property sale to free up some immediate funds. The Berkshire Hathaway HomeServices GA Auction Group is comprised of Experienced Associate Brokers, Listing & Buying REALTORS® & Licensed Auctioneers. Several members of our team offer personal property sales, move management services and donation coordination.
